Guardians of Glowing Waters

The Guardians of Glowing Waters are the Governing body of The Glowing Waters Oasis. They are composed almost exclusively of Cyber Mystics and Code Slingers, since others cannot find their way to the Oasis unaided. All are welcome as long as they come in peace, meaning that rival gangs often come face to face in its tranquil influence. The Guardians make sure that the peace is maintained, having developed a spell that removes and temporarily banishes those that seek to cause trouble. The Guardians also patrol the edges of the Oasis' influence killing Umbrea' soldiers sent to locate the Oasis or its occupants.
